To Whom It May Concern,

I am writing on behalf of Kalamazoo Valley Community College Sustainable Brewing Program and the grant proposal from Great Lakes Hops.

Great Lakes Hops has been an asset to the greater brewing community in Michigan. I have been working with their team for a number of years now and have found that their dedication to the craft is inspiring. Their work on new varietals, agricultural improvements, methods, and the community outreach of their business has become a cornerstone for the Michigan Industry. Great Lakes Hops has also directly impacted our students at KVCC through guest lectures, hop sensory analysis and discussion. They have been a resource for innovation, and, with this grant surely will continue to do so. I highly recommend Great Lakes Hops be selected as the recipient of this grant.

Please feel free to reach out with any questions,

Cheers,

Aaron Ross
Sustainable Brewing Instructor
